JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Baracoa.—Reports show arrival of 2 vessels, 1 bill of health issued, 5 deaths, and sanitary condition good.

Puerto Padre.—Report delayed.

Respectfully,

OWEN W. STONE,

Acting Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

NUEVITAS, CUBA, *July 2, 1900.*

SIR: I have the honor to submit the following report for the week ended June 30, 1900: Nine vessels arrived at this port, 8 bills of health were issued, and there were 3 deaths, none of quarantinable disease. The case of fever placed in the observation camp, by the acting assistant surgeon, U. S. A., was pronounced by him, on June 25, to be yellow fever. I saw the case; it was not a well-defined case, and the diagnosis was made by the appearance of albumen, on the fifth day. I immediately notified Dr. Carter.

Puerto Padre.—Reports the arrival of 4 vessels, 8 bills of health issued, 1 death, and sanitary conditions good.

Gibara.—Reports the arrival of 11 vessels, 4 bills of health issued, 4 deaths, and no quarantinable disease.

Baracoa.—Reports show the arrival of 11 vessels, 9 bills of health issued, 6 deaths, and sanitary conditions good.

Respectfully,

OWEN W. STONE,

Acting Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

Reports from Santiago, Manzanillo, Guantanamo, and Daiquiri.

SANTIAGO DE CUBA, *July 5, 1900.*

SIR: I have the honor to make the following report of the sanitary condition of the fourth district of the island of Cuba for the week ended June 30, 1900:

Santiago.—There was a total of 25 deaths, an increase of 2 over the preceding period. The following were the principal causes: Tuberculosis, 3; tetanus, 1; malarial fever, 9; intestinal disease, 1; pneumonia, 2; heart disease, 2; other causes, 7; total, 25. Population, 43,000; mortality, 30.23.

The Norwegian steamship *Heim* was disinfected June 24, 1900, prior to departure for Mobile, Ala. The provisional flag steamship *Mortera* was disinfected June 26, 1900, prior to departure for San Juan, Porto Rico.

Manzanillo.—Acting Asst. Surg. R. de Socarras reports 7 deaths for this period, the following being the causes: Tuberculosis, 4; pneumonia, 2; alcoholism, 1; total, 7. Population, 14,464; mortality, 25.16.

Guantanamo.—Acting Asst. Surg. Luis Espin reports a total of 11 deaths for this period, the following being the principal causes: Tuberculosis, 2; pneumonia, 2; intestinal disease, 3; malarial fever, 1; other causes, 3; total, 11.

Daiquiri.—Acting Asst. Surg. Juan J. de Jongh reports that there have been no deaths at that port for the past three weeks. No quarantinable diseases have been reported in this district.

Respectfully,

HERMANN B. PARKER,

Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

		Formalin.			Steam.							
		Boxes.	Trunks.	Valises.	Bundles.	Trunks.	Valises.	Baskets.	Boxes.	Bundles.	Trunks.	Valises.
June 26	Steamship Mortera.....	4	29

FRANCE.

Report from Havre.

HAVRE, FRANCE, *June 30, 1900.*

SIR: I have the honor to report that on the 23d instant the steamship *La Touraine* sailed from this port with 131 cabin and 205 steerage passengers. On the 30th instant the steamship *La Gascogne* sailed with 119 cabin and 735 steerage passengers. Some 340 steerage passengers intended for the *Touraine* were left over for the *Gascogne*, as they arrived an hour too late for the former vessel. All these passengers were inspected and vaccinated as usual, those left over being inspected twice—on arrival at Havre and before embarking. There were disinfected for these 2 vessels 92 packages of bedding and 5 trunks.

Respectfully,

S. B. GRUBBS,

Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

GERMANY.

Reports from Bremen.

BREMEN, GERMANY, *June 26, 1900.*

SIR: I have the honor to report that during the past week 1,715 emigrants sailed from this port for America. Of this number there were 2 rejections—1 for trachoma and the other for blindness. One of the recent cases of rejection for fever died in the hospital with a diagnosis of enteric fever.

The last weekly health report for Bremen shows 7 cases of enteric fever, 2 of scarlet fever, and 1 case of diphtheria. The city and vicinity continues free from quarantinable diseases.

JOSEPH B. GREENE,

Passed Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,

U. S. Marine-Hospital Service.

BREMEN, GERMANY, *June 30, 1900.*

SIR: I have the honor to report that 5 steamers sailed from this port for America during the past week, carrying 1,329 steerage passengers. There were 3 detentions as follows: fever (unknown cause), 1; chicken pox, 1; crippled right leg, 1.
